The Facility Notice No. 56/2005 dated 31.10.2005 prescribed the procedure of filing the EGM electronically as well as manually (Hard copy) in MCD.

2. It has been observed that there are large numbers of EGM errors due to mismatch in container numbers (C-error). The trade has been raising the issue of formulating procedure for correction of C errors, so that the EP copy of the shipping bill is generated and post shipment benefits, if any, are realized. This checklist is returned duly signed by the authorized representative of the Shipping Line / Shipping Agent, to the CMC for submission of the EGM in the EDI.

4. At this stage if there are C-errors against certain shipping bills, the shipping lines should prepare a statement of container numbers against each such shipping bill and furnish the same along with the copies of the relevant mate receipts, certifying that the container numbers given in the EGM / the said statement are correct. The said statement and the mate receipts along with the certificate shall be furnished to AC/DC incharge of EGM coordination unit. The AC/DC authorized in this regard shall, after necessary verification, carryout the correction of the C-errors without waiting for any application in this regard.

5. All the Shipping Lines and other members of the trade concerned are required to comply with this Facility Notice scrupulously.
