**PUBLIC NOTICE No. 48/2011**

**Sub.: Request to waive charges during implementation of 1.5 version for additional period of holding the cargo in the CFS reg.**

Attention of all the members of Trade and Industry and the CFSs is invited to the ongoing project of migration of EDI system to 1.5 version of ICES. A communication has been sent to all CFS requesting them to waive the demurrage and detention charges during implementation of 1.5 version for additional period of holding the cargo in the CFS.

2. In terms of Regulation 5(1) of Handling of Cargo in Customs Area Regulations, 2009, all Customs Cargo Service Providers are required to provide interalia hardware, networking and other equipments etc. As many of the CFSs are still in the process of installing the required hardware and software like obtaining connectivity through MPLS, printers etc, delays in delivery of cargo are expected in some cases. In all such cases of delay due to non procurement/non

installation of hardware/software required for 1.5 version, a certificate will be issued by the AC/DC (Export) of respective CFSs. All the CFSs are directed to waive the demurrage and detention charges on the basis of said certificate.
