6. Presently, Customs verifies the content of recyclable material by means of a Test Report or alternatively, pre-shipment inspection certificate issued by the inspection and Certification Agency approved by the DGFT in addition to Shipment Movement Documents i.e. Form-9 Registration of the importer with SPCB(State Pollution Control Board)
  7. Since, the MOEF has revised the content of recyclable materials in the import consignment of various types of waste papers, such pre-shipment certificates or test report should mention declaration/certification of content of recyclable materials in accordance with Office Memorandum dated 11.05.2010 issued by Ministry of Environment and Forest vide F. No. 13-1/2004-HSMD.
  8. Further, as the said O.M. of dated 11.05.2010 stipulates that the content of waste paper must be verified by the Customs Authority in respect of each consignment imported into the country, therefore depending upon track record of the importer, Customs will draw samples of 5-20 % of the containers in each consignment for testing by the MOEF recognized labs notified by the MOEF vide Notification dated 18.07.2007 as per Annexure-A before the clearance of the goods.
