F.No.S/26-Misc- 340/2010 Gr.IV

Date: 02.11.2010

PUBLIC NOTICE NO. 112 /2010

Subject: Pre-Shipment Inspection Certificate issued by M/s. Sandeep Garg & Company, 27-A, Fajara A Section, Fajara, KSMD, The Gambia -Reg.

Attention of all Importers, CHA, Trade and all other concerned is invited towards the fact that Pre-Shipment Inspection Certificate issued by M/s. Sandeep Garg & Company, 27-A, Fajara A Section, Fajara, KSMD, The Gambia is found to be suspicious. It is noticed that a Scrap container inspected by the said agency was not to be contaminated with radio-active material. When the same container was got examined by AERB officials, it was found to be contaminated with radioactive material Thorium 232 and its daughter products.

A plain reading of Pre-shipment Inspection Certificate issued by this inspecting agency indicates that the container was not contaminated with radioactive material. On the other hand the inspection report of the AERB officials indicates the container to be contaminated with radioactive material Thorium-232 and its daughter products. As the two reports are diametrically opposite, doubt is raised about the veracity of the PSIC certificate issued by the above agency.

Hence, all Importers/CHA/Trade are alerted regarding possible mis-declaration of PSIC issued by this inspection agency.
