Public Notice No. 141 /2026-27

Sub: - Empanelment of Chartered Engineers for technical opinion/valuation of mechanical/electronics machinery and Plants (including second hand) etc, in Mumbai Customs Zone-II -reg

Attention of all Importers, Custom Brokers, other stake holders and members of the Trade is invited to the earlier Public Notice No. 87/2024-25 dated 14.10.2024 issued on the above mentioned subject.

2. A formal complaint is received against Shri Siddhant More, empaneled Chartered Engineer. Based on the verification of records, it is established that the Chartered Engineer has committed serious procedural infractions and violations of Public Notice No. 87/2024-25 during the examination of goods under Invoice No. DE-GIN/24-25/210 dated 29.01.2025. He has also failed to produce requisite visual safeguards, such as geotagged photographs or selfies demonstrating the engineer's physical presence alongside the cargo, as mandated by operational guidelines. Crucially, the Chartered Engineer, despite holding certifications strictly in Mechanical Engineering, transcended the bounds of their technical competence by evaluating complex electrical equipment (heavy inverters), while simultaneously certifying documents containing flawed, incorrect professional registration credentials. These deliberate lapses indicate severe negligence, misrepresentation, and a violation of the terms of empanelment at JNCH, Nhava Sheva, thereby rendering the Chartered Engineer liable for immediate suspension of empanelment.

3. In view of the above, the competent authority has decided to de-panel the below mentioned Chartered Engineer temporarily from the panel of Chartered Engineers for technical opinion/valuation of mechanical/electrical/electronics machinery and Plants (including second hand) etc, in Mumbai Customs Zone-II with immediate effect till completion of the inquiry/ further orders:

4. This Public Notice will take effect from 06-11-2026 and the previous public Notice No. 87/2024-25 dated 24.10.2024 stands modified to this effect. Any report issued by the

said Chartered Engineer henceforth will be null and void till further notices.
