OBSERVATIONS MADE BY THE SVB, MUMBAI-I

5. SVB investigation aims at examining following three aspects in the instant matter:

(i) Whether the Importer and the Supplier are related in terms of Rule 2(2) of the Customs Valuation (Determination of Value of Imported Goods) Rules, 2007;

(ii) If related, whether the transaction value can be accepted under Rule 3(3)(a) of the Customs Valuation (Determination of Value of Imported Goods) Rules, 2007; and

(iii) Whether investigation into establishing acceptability of transaction value under Rule 3(3), any amount is required to be added to the price actually paid or payable for the imported goods under Rule 10(1) of the Customs Valuation (Determination of Value of Imported Goods) Rules, 2007.

6. RELATIONSHIP: Foreign Suppliers and the importer M/s. Cognis Specialty Chemicals Private Limited are subsidiaries of holding Company M/s Cognis B.V. Netherlands. Hence, the importer and the foreign suppliers are related in terms of Rule 2(2)(vi) of the Customs Valuation Rules, 2007.

7. PRICING/VALUATION: In order to ascertain the acceptability of declared value under Rule 3(3)(a) of the CVR, 2007 it has to be ascertained whether the circumstances of sale of the imported goods, by any means, indicate that the

relationship has influenced the price of the goods imported from the related overseas suppliers. In order to examine this aspect, the import statistics of the importer requires to be compared with statistics in an unrelated atmosphere of transactions and NIDB data can serve the purpose.

7.1 NIDB: NIDB data for contemporaneous imports was called from Directorate of Valuation to compare with the invoice value of the importer. The Importer has submitted to the SVB Mumbai-I that the seller of the imported goods does not supply the same directly to other unrelated parties in India. However, on scrutiny of the data received it emerges that data for the third party import from the same supplier as well as other unrelated suppliers are available for the comparison of the same with the import data of the importer. Same is reproduced in a tabular form as below:

7.2 It is seen from the above Table A & B that there is a substantial difference in prices of identical/similar goods which were imported by a third party importer and M/s. Cognis Specialty Chemicals Private Limited during the contemporary time in respect of goods supplied by M/s Cognis GmbH, Germany, M/s Cognis France, France, M/s Cognis Corporation, US, M/s Cognis Iberia SA, Spain and M/s Cognis Brasil, Brazil. Further, in respect of other suppliers, on scrutiny of the provided contemporaneous import data, it is seen that, the data on identical goods/similar goods of the same class or kind is not available for the products for comparison for the contemporaneous period.

7.3 From the above 'Table-A & B (NIDB Data)' it can be seen that the value of identical/similar goods which is imported by unrelated importers are significantly higher than the identical/similar goods imported by the importer, at or about the same time in comparable quantities in comparable commercial transactions. The difference is varying from -29.353% to 143.342% aggregating at around 67.47%.

7.4 FINDINGS ON VALUATION: From the above data, it can be easily inferred that the importer has undervalued the transaction value in almost all

the items as a general trend in respect of goods imported from its related suppliers. Keeping in view the above observation, it was proposed by the SVB, Mumbai-I that:

a) The declared value of all imported goods (except for items listed at Sr. 7 in the Table-A) imported by M/s Cognis Specialty Chemicals Private Limited from their related suppliers listed in Para 6.1 shall be rejected under Rule 12 of CVR, 2007 and loading percentage as reflecting against each item in Table A & B (except for items listed at Sr. 7 in the Table-A) may be made to the declared value and assessment shall be done accordingly Under Section 14 of Customs Act, 1962 read with Rule 4 (Transaction Value of Identical Goods) of the Customs Valuation (Determination of Value of Imported Goods) Rule, 2007.

b) It is seen that importer has imported the goods by undervaluation in general trend to evade the Customs Duty and also suppressed the facts as mentioned in findings. Hence, the declared value in remaining items (Except mentioned in Table-A and B) imported from all related suppliers as mentioned above shall be rejected under Rule 12 of CVR, 2007 and in general average loading of 67.47% on each imported goods shall be made to the declared value and assessment shall be done accordingly Under Section 14 of Customs Act, 1962 read with Rule 4 (Transaction Value of Identical Goods) of the Customs Valuation (Determination of Value of Imported Goods) Rule, 2007.

Further, while rejecting the declared value of imports as transaction value and re-determining the transaction value as proposed, it is to be examined as to whether any amount is required to be added to the price actually paid or payable for the imported goods under Rule 10(1) of CVR, 2007.

ADDITION UNDER RULE 10(1)(c to e) of CVR, 2007: It is declared that the goods are not sold under a trademark, design, licensing/royalty agreement or patent owned or controlled by the seller of the goods or any other person; that the goods manufactured by the importer using the imported goods are not sold

under a trademark, design, licensing/royalty agreement or patent owned or controlled by the seller of the goods or any other person; that neither any amount nor any part of proceeds of any subsequent resale, disposal or use of the imported goods accrues directly or indirectly to the seller; that there are no other payments actually made or to be made as a condition of sale of the imported goods, by the buyer to the seller or by the buyer to a third party to satisfy the obligation of the seller; that there is no other amount paid or payable, directly or indirectly, to or on behalf of the seller of the imported goods in connection with the production of the imported goods; that there are no services rendered by or on behalf of the importer relatable to the goods imported or undertaken on behalf of the seller of the foreign goods; that the price paid or payable by the importer will not be settled with the seller at the end of a defined period by means of debit note/credit note (post import price adjustment).

Financial Statements and FORM 3CEB: During the course of investigation, the Importer has submitted Annual Reports to the SVB Mumbai-I for the F.Y. 2009-10, 2010-11 & 2011-12 and CA certified annexure to form 3CEB for the F.Y. 2010-11 & 2011-12. Further, the Importer's representative has submitted that as the records are more than 10 years old they are finding it difficult to download and hence have been certified by CA. Annual Reports submitted by the Importer have been verified and no payments towards Royalty/License, Technical Know-how or Trademark by the importer to its related supplier have been noticed.

Agreement for Transfer of Specialty Chemical Business: This agreement (submitted to SVB, Mumbai-I during the course of investigation) was signed between M/s Cognis Specialty Chemicals Private Limited and M/s BASF India Limited on 01.07.2011. Main Points of the Agreement are as follows:

- Pursuant to the acquisition of Cognis Holding Gmbh by BASF worldwide in December, 2010, the parties intend to integrate the business of M/s. Cognis Specialty Chemicals Private Limited in India with M/s BASF India Limited.
- CSCPL has agreed to transfer and M/s BASF India Limited has agreed to acquire from CSCPL the existing specialty chemicals business as a going concern or as a slump sale basis.
- The Purchase Consideration to be paid by M/s BASF India Limited to CSCPL for the purchase of Business shall be Rs. 13,40,00,000/-.

FINDINGS ON ADDITION: Agreement for Transfer of Specialty Chemical Business is about the sale of existing specialty chemicals business to M/s BASF India Limited. In absence of any agreement for Royalty/License, Technical Know-how or Trademark and any flow back to the foreign supplier on account of Royalty/License, Technical Know-How or Trademark fee, no addition is proposed to be made under Rule (10)(1)(c to e) of CVR, 2007.

CONCLUSION BY THE SVB, MUMBAI-I

From the above analysis of information provided by the importer to this branch for issuance of Investigation Report, the following facts emerge:

Relationship between the Importer and the foreign supplier: The Importer, M/s. Cognis Specialty Chemicals Private Limited and the Foreign Suppliers 1. M/s. Cognis BV, Netherlands, 2. M/s Cognis Trust Management GmbH, 3. M/s Cognis Australia Pty Ltd, 4. M/s Cognis Chemicals (China) Co. Ltd, 5. M/s Cognis Corporation (Care Chemicals), 6. M/s Cognis France SA, 7. M/s Cognis Thai Ltd, 8. M/s PT Cognis Indonesia, 9. M/s Cognis Chemicals (HK) Co. Ltd, 10. M/s Cognis Iberia S.A.U, 11. M/s Cognis UK Limited, 12. M/s Cognis Mexicana SA, 13. M/s Cognis SPA, 14. M/s Cognis Brasil Ltd, 15. M/s Cognis GmbH, 16. M/s Cognis Ireland Ltd., 17. M/s Cognis Japan Ltd., 18. M/s

Cognis Korea Ltd., 19. M/s Cognis Mexicana SA De CV, 20. M/s Cognis Taiwan Ltd. are related in terms of Rule 2(2)(vi) of Customs Valuation Rules, 2007.

Acceptance or Rejection of transactional value of imported goods: c) The declared value of all imported goods (except for items listed at Sr. 7 in the Table-A) imported by M/s Cognis Specialty Chemicals Private Limited from their related suppliers listed in Para 6.1 shall be rejected under Rule 12 of CVR, 2007 and loading percentage as reflecting against each item in Table A & B (except for items listed at Sr. 7 in the Table-A) may be made to the declared value and assessment shall be done accordingly Under Section 14 of Customs Act, 1962 read with Rule 4 (Transaction Value of Identical Goods) of the Customs Valuation (Determination of Value of Imported Goods) Rule, 2007.

d) Further, it is seen that the importer has imported the goods by undervaluation in general trend to evade the Customs Duty and also suppressed the facts as mentioned in findings. Hence, the declared value in remaining items (Except mentioned in Table-A and B) imported from all related suppliers as mentioned above shall be rejected under Rule 12 of CVR, 2007 and in general average loading of 67.47% on each imported goods shall be made to the declared value and assessment shall be done accordingly Under Section 14 of Customs Act, 1962 read with Rule 4 (Transaction Value of Identical Goods) of the Customs Valuation (Determination of Value of Imported Goods) Rule, 2007.

Payments other than invoice values of imported goods: No addition is proposed to be made under Rule (10)(1)(c to e) of CVR, 2007.

8. This investigation report (IR) received from SVB, Mumbai-I was issued on the basis of Importer's statements, information and declaration in various written submissions made to this office. The Report does not take into account any suppression or mis-declaration affecting the invoice value, which may be dealt with appropriately under the laws and procedures as and when detected.

9. However, the investigation report stated that if contemporaneous imports at higher prices are noticed or there exist reasons to doubt the value, the assessing group may evaluate the value of the imported goods under appropriate provision of the Customs Act, 1962 and the rules made there under. As regards, post-import price adjustments, in case of upward revision of prices, the importer has to pay differential duty as applicable including interest thereof.

- ***Section 14 of the Customs Act, 1962*** –

Valuation of goods.

.....(1)For the purposes of the Customs Tariff Act, 1975 (51 of 1975), or any other law for the time being in force, the value of the imported goods and export goods shall be the transaction value of such goods, that is to say, the price actually paid or payable for the goods when sold for export to India for delivery at the time and place of importation, or as the case may be, for export from India for delivery at the time and place of exportation, where the buyer and seller of the goods are not related and price is the sole consideration for the sale subject to such other conditions as may be specified in the rules made in this behalf:

Provided that such transaction value in the case of imported goods shall include, in addition to the price as aforesaid, any amount paid or payable for costs and services, including commissions and brokerage, engineering, design work, royalties and licence fees, costs of transportation to the place of importation, insurance, loading, unloading and handling charges to the extent and in the manner specified in the rules made in this behalf:.....

- ***Rule 12 of CVR, 2007*** -

12. Rejection of declared value. –

(1) When the proper officer has reason to doubt the truth or accuracy of the value declared in relation to any imported goods, he may ask the importer of such goods to furnish further information including documents or other evidence and if, after receiving such further information, or in the absence of a response of such importer, the proper officer still has reasonable doubt about the truth or accuracy of the value so declared, it shall be deemed that the transaction value of such imported goods cannot be determined under the provisions of sub-rule (1) of rule 3.

(2) At the request of an importer, the proper officer, shall intimate the importer in writing the grounds for doubting the truth or accuracy of the value declared in relation to goods imported by

such importer and provide a reasonable opportunity of being heard, before taking a final decision under sub-rule (1).

Explanation.-(1) For the removal of doubts, it is hereby declared that:-

(i) This rule by itself does not provide a method for determination of value, it provides a mechanism and procedure for rejection of declared value in cases where there is reasonable doubt that the declared value does not represent the transaction value; where the declared value is rejected, the value shall be determined by proceeding sequentially in accordance with rules 4 to 9.

(ii) The declared value shall be accepted where the proper officer is satisfied about the truth and accuracy of the declared value after the said enquiry in consultation with the importers.

(iii) The proper officer shall have the powers to raise doubts on the truth or accuracy of the declared value based on certain reasons which may include –

(a) the significantly higher value at which identical or similar goods imported at or about the same time in comparable quantities in a comparable commercial transaction were assessed;

(b) the sale involves an abnormal discount or abnormal reduction from the ordinary competitive price;

(c) the sale involves special discounts limited to exclusive agents;

(d) the misdeclaration of goods in parameters such as description, quality, quantity, country of origin, year of manufacture or production;

(e) the non declaration of parameters such as brand, grade, specifications that have relevance to value;

(f) the fraudulent or manipulated documents

- ***Rule 4 of CVR, 2007*** *–*

Transaction value of identical goods. –

(1)(a)Subject to the provisions of rule 3, the value of imported goods shall be the transaction value of identical goods sold for export to India and imported at or about the same time as the goods being valued;

Provided that such transaction value shall not be the value of the goods provisionally assessed under section 18 of the Customs Act, 1962.

(b) In applying this rule, the transaction value of identical goods in a sale at the same commercial level and in substantially the same quantity as the goods being valued shall be used to determine the value of imported goods.

(c) Where no sale referred to in clause (b) of sub-rule (1), is found, the transaction value of identical goods sold at a different commercial level or in different quantities or both, adjusted to take account of the difference attributable to commercial level or to the quantity or both, shall be used, provided that such adjustments shall be made on the basis of demonstrated evidence which clearly establishes the reasonableness and accuracy of the adjustments, whether such adjustment leads to an increase or decrease in the value.

(2) Where the costs and charges referred to in sub-rule (2) of rule 10 of these rules are included in the transaction value of identical goods, an adjustment shall be made, if there are significant differences in such costs and charges between the goods being valued and the identical goods in question arising from differences in distances and means of transport.

(3) In applying this rule, if more than one transaction value of identical goods is found, the lowest such value shall be used to determine the value of imported goods.

11. Whereas, the provisional assessments of the Bill of Entries are now required to be finalized in terms of Section 18(2) of the Customs Act, 1962. In light of the findings contained in the SVB Report, it appears that the B/E's can be finalised the provisional assessment by loading the value of the goods as per the methodology and additions set out therein, which would result in differential duty liability.

12. Therefore, you are hereby called upon to SHOW CAUSE as to why:

a) The declared values in the relevant Bills of Entry should not be **rejected** under Section 14 of the Customs Act, 1962 read with Rule 12 of CVR, 2007.

b) The assessable value should not be **re-determined** by loading as per SVB findings (13.24% for TA101, 33.78% for TA122) under Rule 4 of CVR, 2007.

c) The resultant differential duty should not be **demanded and recovered** under Section 18(2) of the Customs Act, 1962.

d) **Interest** should not be demanded under Section 18(3).

13. Any representation verbal or in writing against this notice with necessary documentary evidence about the correctness of their stand should be made to the **Deputy Commissioner of Customs, Group II, II(A-B), N.S-I**, JNCH, Nhava-Sheva, Taluka-Uran, District-Raigad, Maharashtra-400707.

14. You are further called upon to submit your written reply within 30 days of receipt of this notice, failing which it shall be presumed that you have no submissions to make and case will be decided on the basis of evidence on record. You may also

avail the opportunity of personal hearing before the undersigned prior to finalisation, if you so desire, in terms of Section 122A of the Customs Act, 1962.

15. This Show Cause Notice is issued without prejudice to any other action that may be taken against the aforesaid notice or any other person/party connected with the case under the Customs Act, 1962 or any other law for the time being in force in India. The department reserves the right to amend, modify or supplement this notice at any time prior to the adjudication of the case.
